

2010-2011 Builders Exchange Scholarship Program Application

Our Mission: "The BX Scholarship Program advances the central Ohio commercial construction industry by providing funding to students for completion of a construction-related undergraduate education program."

Since 1959, the Builders Exchange Scholarship Program has recognized students who represent the future of the central Ohio commercial construction industry. Eligible students must be enrolled in or be entering a two-year technical program or four-year college program and be in a construction-related field of study.

Full-time and part-time students are eligible to apply for a scholarship. Applications are reviewed by the BX Scholarship Trustees. Award amounts vary based on the scoring criteria. After confirmation of enrollment all scholarship checks are made payable to the college or technical school of the recipient.

Applicants are evaluated on the following criteria:

- academic achievement
- community and school involvement
- financial need
- relationship of the student's field of study to the construction industry
- potential future impact of the student on the central Ohio construction community
- quality of the application
